Aura Collection

Design by **Nurus D Lab**

Love is in the details.

Our approach to modern swivel armchair: Aura retains the family's distinctive figure through executive offices and meeting areas as well as lounge applications.

With Aura, seat pan mimics the curve of the backrest. Craft your style with a wide range of material, color and quilted pattern options.

- With low or high backrest and lounge applications.
- Synchronous tilt mechanism is hidden under the upholstery, invisible from the outside (except Lounge).
- Upholstery: Leather, eco-leather or fabric (no patterns applied on fabric upholstery).
- High resilience padding adds comfort.

Aura High Backrest

Aura Low Backrest

Backrest Tilt

Concealed synchronous knee-tilt mechanism allows up to 22 degrees of recline motion with adjustable tension. During the back tilt, the seat moves about 2/1, which ensures better spinal alignment and reduces stress on your lower back and legs. Can be locked in 5 preset angles.
