Trea Chair

Design by **Paul Brooks**

Trea Chair

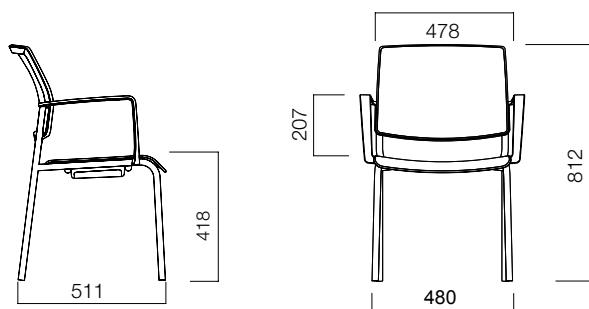

As a spring chair design or on 4 legs. With or without armrests and soft material cushioning. For meeting zones, homes, cafes and restaurants, waiting and dining areas. Can be upholstered in fabric, leather or eco-leather. Without armrests version is easily stackable.

Design by Paul Brooks

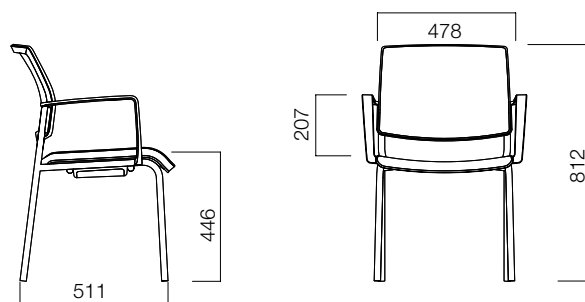

Paul Brooks is a British designer who lives in France and works in Germany. An expert in office seating products design, Brooks' Anglo-German studio produces focused and conscious design solutions for furniture companies and suppliers in Europe and America.
