Picnic Collection

Design by **Ece-Oğuz Yalım**

Free like in the open air.

Wouldn't you rather work, drawing inspiration from a source of constant renovation and motivation? Add some sparkle to your daily routine with Picnic. The joy and viridity of the traditional picnic culture is here and it brings people together at the workplace as much as in the social sphere.

An extraordinary design approach that emphasizes freedom and comfort above all transforms meetings into casual instances. Be it individual or collaborative teamwork; brainstorming, recreational or a leisure activity; Picnic will produce happiness by changing the way employees regard work.

With an acrylic surface, Picnic can be used in public/social spaces such as cafes and restaurants. Spread the warmth and sincerity of the picnic culture with natural wood veneer look, combined with high quality eco leather seating in a variety of color options. Customize your Picnic with or without a desktop unit. Boost connectivity with **Nurus Links®** that bring mains, USB and micro-USB connections to your desktop. Pair your mobile easily and enjoy cable-free access.
