Edgar Collection

Design by **Nurus D Lab**

Spirit of 60s is revived with Edgar!

Retro lines of Edgar, bear the style of 60s, and the entire collection was designed to serve you and revitalize homes, executive offices, hotels, lounges and living spaces.

Edgar is an ideal choice for all living spaces with geometric lines and a sturdy structure. The collection has three separate options to fit in different environment designs: triangle, square, and rectangle.

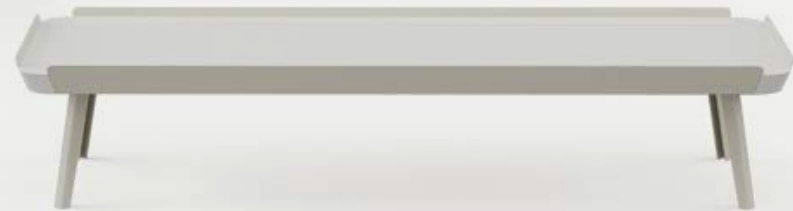

Suitable for use in homes, waiting rooms, executive offices, hotels, and working spaces, Edgar creates cosy and elegant areas. Edgar complements Greta sofas, but you can also utilize Edgar in harmony with other Nurus products, too.
