# Flat Collection

Design by **Ece-Oğuz Yalım**

---

## Simplicity and elegance through minimal design...

Flat combines sturdiness and aesthetics through a metal frame and sharp geometric lines. Easily blends into any living space with elegant minimal design and a rich colour palette. You can utilize wide product range of Flat collection in all spaces including meeting halls, homes, social areas, waiting rooms and more.

Thanks to rich colour choices and geometric lines, Flat seamlessly blends into all kinds of interior designs and accessories. Featuring a wide product range including sofas, chairs, and meeting seats, Flat facilitates organizing spaces of varying sizes.

Flat sofas reflect your style with simple and elegant looks, while offering a long product life with a sturdy structure. Flat chairs and meeting seats share the same form with Flat sofas, facilitating a matching design throughout your home or institution.
