Retro lines to bring 60s spirit back to life.

Featuring retro lines combining past and future, Greta brings back 60s spirit to modern day. With a wide product range and rich variety of colours, Greta blends into all living spaces including homes, social areas, hotels, and workspaces.

Named after the iconic 60s star Greta Garbo, Greta introduces the spirit and warmth of the era along with comfort.

Named after the iconic 60s star Greta Garbo, Greta establishes a cosy environment in any space with a design that reflects the spirit of 60s. Greta's wide product range enables to use it in any space including homes, workspaces, and cafés; rich colour and material choices seamlessly fits into your interior design.

Greta features 5 different options: Sofa, long sofa, pouffes, meeting module, and high backrest, enabling functional configuration of usage spaces of different sizes in accordance with your purposes.

Greta includes single, double, and triple sofas, suitable for homes, executive offices, workspaces and common social areas. Greta triple sofa is an ideal choice for all living spaces, offering functional uses and customizable spaces with a shelf version.

Along with Greta pouffes suitable for all living spaces from public spaces to homes and workspaces, Greta also includes long sofas that help create a warm and cosy environment in large spaces such as hotel lobbies and open offices.

Greta sofas with high backrest and Greta meeting module create private spaces, providing sound isolation through high back pieces with fabric upholstery. Greta high backrest helps to create lounge, waiting, and private working spaces, while Greta meeting module for 4-6 people utilizes spontaneous meetings, presentations, video conferences, teamwork projects and focused personal studies.

Through specifically designed modules, Greta perfectly meets the needs of public spaces, as well as homes and business life. Offering a sturdy structure, lightweight, and soft quilted fabric, Greta establishes comfortable, cosy and fun spaces.
