Stone Sofas

Design by **Ece-Oğuz Yalım**

Stone Sofas

Stone facilitates organizing spaces of various shapes and sizes to meet your needs with a wide product family, angular form, and modular structure, intensifying the architectural texture with nature inspired lines.

Stone sofas were designed to adapt to ever-changing work culture, providing comfort and ergonomics. Stone helps users focus on the same direction with the optional table that can be mounted onto high backrest version; triangular pouffes meant for corners with optional coffee tables help create U form seating arrangements, while rectangle pouffes facilitate linear or L seating formations.

With the help of upholstered panels that can be mounted on sofas, this collection can help create private spaces with minimal environmental effects in social areas such as cafés and restaurants, open offices, waiting rooms and lounges. Triangular and rectangle 2 pouffes with optional **Nurus Links®** connection including 2 USB ports of Stone offers functional solutions for new generation education presentation, and meeting halls.

Stone sofas seamlessly fit into usage space with rich colour and fabric choices.

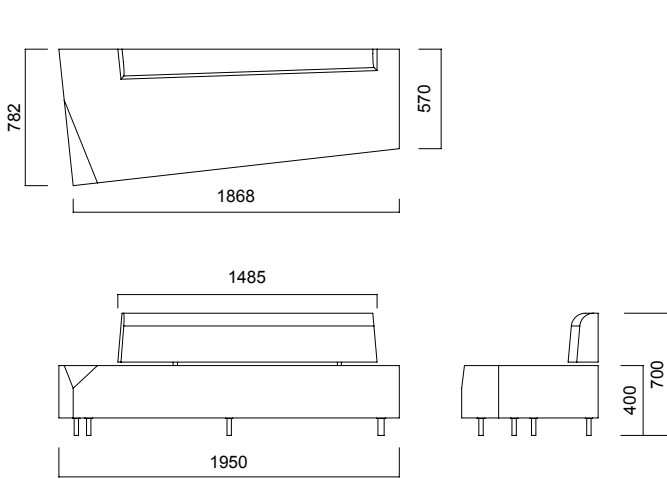

Design by Ece-Oğuz Yalım

1996 yılında Artful İç Mimarlık firmasını kuran Ece-Oğuz Yalım, 2004 yılından bu yana Ece Yalım Design Studio bünyesinde mekan ve ürün tasarımı hizmetlerini kol kola yürütmektedirler.
