Gate Collection at a Glance

Design by Nurus D Lab

Workspaces enriched by innovative, practical and flexible solutions.

Gate features a rich product family including workstations, storage units, Gate Exe, single desks, and coffee tables. Gate consists of a main platform serving as bridge and storage units supplementing the system, establishing functional and flexible workspaces.

Nurus D Lab

A modern office interior with desks, computers, and large windows. The word "nurus" is overlaid in the center. The office features a high ceiling with exposed ductwork and lighting fixtures. Large windows on the left and right sides offer a view of a cityscape. The desks are equipped with computers and office chairs. The overall atmosphere is professional and contemporary.
