Adapting to different work cultures and habits, Pila provides functional solutions for all workspaces, including open offices, individual workspaces, and executive offices.

Pila includes executive desks with storage units, single desks for individual workspaces and unit managers, and workstations supporting both individual and team efforts in open offices; meeting tables of the collection facilitates organizing your entire

institution in the same design language.

Featuring two different leg options, angular and straight, along with a third leg option as recomposed veneered metal leg, Pila creates a natural and cosy atmosphere in your work space and adds value to business life through smart solutions.

SMART SOLUTIONS

Electrification

Moving table slab of Pila hides cables to prevent cable mess and visual pollution, while facilitating access to electrical connections.

Ventilation Support

CPU cabinet of Pila features ventilation canals, reducing heat and helping desktop computers work more efficiently.

Cabinet

Side cabinets utilized along with tables help you utilize your workspace more efficiently.

Accessories

Tools accessories can be mounted onto middle panels and utilized with Pila collection, helping you customize your workspace.

Plug Solutions

Pila features a plug unit compatible with all Nurus products, providing easy access to data cables, USB slots, and plugs that can be needed at any time of the day.
